

CAUTION

Be aware if using the functional cigar lighter well (#B-15055) in conjunction with a plastic cigar lighter knob and element that the proper heat shielding disc is installed within the lighter/knob element to prevent the knob from melting. The Dennis Carpenter cigar lighter plastic knobs (#B-15053-R and #40-15053-R) do not contain the heat shields. Appropriate heat shielding must be installed to prevent damage if lighters are to be used.
